RE: Approved split sample labs

Dear horsemen,

At the November 16, 2023, New Mexico Racing Commission (NMRC) meeting, the NMRC voted in favor to ratify the approval to amend the list of approved split sample testing laboratories. This change is effective as of November 3, 2023, as that is the date that Texas A & M notified the NMRC that they withdrew from conducting split sample analysis. The following is an updated list of approved split sample labs:

- UC Davis Kenneth L. Maddy Equine Analytical Chemistry Laboratory-- Blood, Urine and Hair
- Ohio Department of Agriculture----- Blood and Urine
- Pennsylvania Equine Toxicology and Research Laboratory----- Blood and Urine
- University of Kentucky Equine Analytical Laboratory----- Blood and Urine

Best Regards,

Ismael "Izzy" Trejo  
Executive Director- NMRC
